EDUCATION

Vaal University of Technology
2021 – 2023
(Diploma in Information Technology)

- **Key Coursework:** Software Development, Database Management, Object-Oriented Programming, Web Development

TECHNICAL SKILLS

- **Backend Development:** Java (Spring Boot, Hibernate, REST APIs, Microservices)
- **Databases:** MySQL, Oracle, SQL, PLSQL
- **DevOps & Cloud:** Docker, AWS, Azure, CI/CD, Maven
- **Frontend (Basic Knowledge):** React.js, Tailwind CSS, HTML5, CSS3, JavaScript
- **Version Control & Tools:** Git, GitHub, IntelliJ, VS Code

PROFILE

JAVA BACKEND DEVELOPER

Passionate fullstack developer with hands-on experience in designing and implementing scalable Java applications. Skilled in Spring Boot, MySQL, REST APIs, and microservices architecture. Developed backend solutions that improved automation and efficiency by up to 60%. Looking for an opportunity to contribute and grow in a dynamic development team.

WORK EXPERIENCE

Backend Developer | Freelance (June 2022 – Present)

Rez4Mi - Student Accommodation Booking Platform

- Developed a Spring Boot backend that automated student bookings, reducing manual work by 80%.
- Integrated MySQL database to store and manage accommodation listings and user data.
- Designed and optimized REST APIs for seamless frontend-backend communication.
- Improved system performance by optimizing database queries and implementing caching mechanisms.

Backend Developer | Freelance (Feb 2023 – Sept 2023)

Car Wash Management System

- Built a Java backend with Spring Boot, automating scheduling and business operations.
- Implemented an inventory tracking system that improved resource allocation efficiency.
- Designed a RESTful API to handle customer appointments and payments.
- Enhanced system security using JWT authentication and role-based access control.

SOFT SKILLS

- Strong problem-solving & analytical skills
- Effective communication for team collaboration
- Time management & adaptability
- Detail-oriented with a focus on clean, maintainable code

CERTIFICATIONS & ADDITIONAL LEARNING

(Self-taught via YouTube, online resources, and community projects)

- Spring Boot & Microservices Development
- Database Optimization & Query Performance Tuning

REFERENCES

- Available upon request.

PROJECTS & OPEN SOURCE CONTRIBUTIONS

AgriHub (Private, Available Upon Request)

- Developed backend services for a comprehensive farming hub with location-based learning, virtual farm management, and marketplace features.
- Implemented REST APIs using Spring Boot for structured learning on crop and livestock farming.
- Designed database schemas in MySQL to store farming insights, user activities, and marketplace listings.
- Integrated authentication & authorization mechanisms to ensure secure access.

Coffee-Corner (Public)

- Built a backend for an online coffee shop ordering system using Spring Boot and MySQL.
- Implemented order management, user authentication, and product catalog APIs.
- Designed a database structure to handle orders, customers, and inventory tracking.

Other GitHub Repositories

- Additional backend solutions and API projects.

JOB REFERENCE: SOFTWARE DEVELOPER

Dear Hiring Manager,

I'm writing to express my interest in a Software Developer position at your organization. As a passionate fullstack developer with hands-on experience in designing and implementing scalable Java applications, I bring a solid foundation in backend development and a deep enthusiasm for building efficient, user-focused solutions.

During my recent projects, I developed RESTful APIs using Spring Boot, integrated MySQL databases, and contributed to microservices-based systems that enhanced automation and operational efficiency by up to 60%. I thrive in collaborative environments and enjoy solving complex technical problems that improve product performance and user experience. My work on platforms like RepairLink and AgriHub demonstrates my ability to turn ideas into functional, maintainable applications.

I'm eager to join a dynamic development team where I can continue learning, contribute meaningfully, and grow professionally. Thank you for considering my application and I look forward to the opportunity to bring my skills and energy to your team.

Sincerely,
Siphamandla Ngcepe

S.Ngcepe
